

## TEAM BUILDING TASTING EXPERIENCE

\$35 pp  
60 - 90 minutes

### **The Wonderful World of Wine Words!**

This fun, social team activity will have your group howling with laughter while enjoying some of Cave Spring's finest wine. A Cave Spring Team Member (CSTM) will lead the group through a "definition challenge" of 'wine related' words. The CSTM will have each player take a turn and draw a "definition card" from a box of winery cards. All of the players will then write down a definition, which may be an honest attempt to supply the correct definition, or, if they do not know or for tactical reasons decide not to, a fictitious definition for the word designed to sound convincing. The players hand their definitions to the CSTM. Any player who submits the correct definition immediately receives 3 points. The definitions, including the real definition, are then read out in random order. Players record which answer they believe is correct. Players are rewarded 2 points if they guess the correct definition. The player with the highest score at the end of the game will take home a bottle of Cave Spring wine! In between games, everyone will enjoy a wine tasting.

*Minimum 6 people*

90 minutes

### **Vino Picasso**

Our take on the classic, ultimate party game 'Pictionary', this quick-draw classic is a great team-building exercise as well as a ton of fun! Break into teams of three or more and each team will be given a wine related word that is familiar to everyone. The drawer chooses a card out of a deck of special Cave Spring Wine Pictionary cards and draws a picture that suggests the word printed on the card. The pictures cannot contain any numbers or letters, nor can the drawer use verbal clues about the subject he/she is drawing. The teammates try to guess the 'wine word' the drawing is intended to represent within a two minute time period. The group will enjoy wine tastings and yummy bites from On The Twenty during the game to make the challenge even more pleasurable!!

*Minimum 8 people*

### **Wine & Food Sensory Experience...”oh, I know this...what is it?”**

This guided and fun educational activity in our century old cellars will introduce the group to the dynamics of sensory evaluation. This exploration will showcase the chemistry of wine and food and is designed to help all level of tasters identify aromas and flavor profiles of wines. Start with some sparkling wine as we begin a delightful sensory adventure. The sensory tour highlights the use of our 5 physical senses when enjoying wine. Your group will be led through challenging 'blind' olfactory and tasting experiences including both wine and food with everyday flavours and aromas.

- 5 blind aromas
- 5 blind food tastings
- Blind wine tastings to identify 3 different varietals. The person (or team) who correctly identifies the most varietals will take home a prize!
- Wine and food pairings incorporating the blind experiences
