

WINE LIST

Named after the limestone caves and mineral springs located at their eponymous vineyard, our sister company – Cave Spring Cellars – has been producing outstanding VQA wines for over three decades. Founded and to this day operated by the Pennachetti family and veteran winemaker Angelo Pavan, this esteemed estate has been vital in the development of the modern wine industry in Niagara, most notably as pioneers of vinifera with plantings dating back to the mid-1970's and the refinement of a regional style for Riesling as one of the Peninsula's definitive varieties.

All Cave Spring wines are produced in the historic wine cellars of this very building. A selection of Cave Spring wines is available for purchase here. Or visit the Cave Spring Wine Shop next door for their full selection during operating hours.

Sparkling		6 oz.	bottle
